

## Custom Bin Box Labels

Tell us what you want on your customized bin labels, and R3TX will provide the system tool to make it easy. Use our simple Excel tool to find items by bin range, print a single label or a long list of labels. Design your own label or multiple label styles with your preferred TrulinX item data. Any available size can be used for your warehouse bins.

### Zebra ZD600 Series Desktop Printer

This model is an example, other models would work as well. Thermal printer, no ribbon required. Prints labels up to 4+ inches wide. Network and USB Interface options. Prints direct from R3TX.

**Item Bin**

**Item Number**

(up to 40 characters, font adjusts to accommodate)

**Item Description**

(up to 40 characters, font adjusts to accommodate)

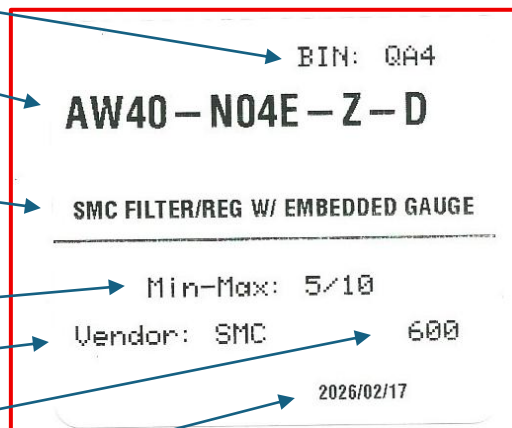

**Min and Max values**

**Vendor name**  
(first 10 characters)

**Vendor code** (6 characters)

**Label print date**

### Actual Sample Bin Label

## Simple lookup tool

Find your item list for bin labels using a bin range, vendor, or items added by date. Paste the found items into the print window, confirm your list, and the labels print!
